Tel: (602) 266-5678

FAX: (602) 264-5646

## SCREENING COLONOSCOPY

- Your physician has recommended you undergo a colonoscopy procedure to screen for colon cancer.
- The American Cancer Society recommends colonoscopy for everyone 50 years of age and older.
- Colonoscopy may be recommended earlier if you have a family member with history of colon cancer.
- Colonoscopy *significantly reduces* your lifetime risk of colon cancer.

A representative from the Digestive Health Center of Arizona will be contacting you to schedule your colonoscopy procedure.

*Tear off and give top half to the patient*

*Please fill out the information below and we will contact the patient to schedule their colonoscopy.*
